# Frequently Asked Questions

## Can I use my benefits if I visit a provider outside the network?

Yes, if you visit an out-of-network provider, you pay your provider the full balance and submit a claim with your itemized receipt for reimbursement based on out-of-network plan benefits. Greater benefits are available with network providers, and they submit the claim for you.

## Can I shop online for glasses and contacts?

Yes, after you complete your vision examination and obtain your prescription, you can purchase glasses or contacts online from any site. Browse and buy eyewear online at [eyeconic.com](http://eyeconic.com), which is in the VSP network, and your vision benefits are applied directly to your online order, so you don't have to pay full price and wait for a reimbursement.

## What is the eye exam benefit?

Most plans cover one eye exam each year in full when you visit a network provider. Please see your plan highlight sheet for out-of-network benefits.

## Is there a separate exam for contacts?

Many providers do a separate exam for contact fit and follow-up, and there is a separate charge for this exam. Please refer to your plan highlight for details on how this exam is covered.

## Can I get glasses and contacts in the same year?

No, your benefit can be applied to contacts OR glasses during the benefit year. In other words, you will not receive an allowance for contacts if you already chose to apply your vision benefits to a new pair of lenses and/or frames during the same benefit year.

## Are there discounts available for LASIK surgery?

Yes, members may receive a 15% discount off the retail price of LASIK surgery or 5% off the promotional price.

## Are optional lens coatings covered?

Lens options are not covered by these plans. When you visit a network provider, you'll get discounts on a variety of lens coating options. See the plan highlights for details. Extra charges can add up quickly, so make sure you discuss these options and their costs.
